

## **Hillsboro District Update**

Since the decision has been made to accept all remaining acres the following Hillsboro District sites will reopen to accept all deliveries of “Remaining Acres”. All shareholders can deliver their “Remaining Acres” to any of these sites. Only beets fit for long term storage will be accepted. If your beets need to be topped again, please do so. Reminder we are near capacity at several of our sites and we want to avoid excess truck traffic. We anticipate this process taking 2-3 days running 8 AM- 8 PM shifts. Progress will be monitored daily, and we will adjust as needed. Please stay in touch with your agriculturist once you are completed for the season.

**Hillsboro Yard** – Reopen Wednesday Oct 23<sup>rd</sup> 8 AM- 8 PM both scales, 25% truck allotment.

**Reynolds** – Reopen Wednesday Oct 23<sup>rd</sup> 8 AM – 8 PM, North end only, 25% truck allotment for 24-hour growers and 12.5% truck allotment for 12-hour growers.
